

Do you need assistive technology equipment to enable you to work or study?

Support is available to obtain equipment and advice needed in your workplace, school, or university.

Access to this funding requires applicants to undergo a formal assessment process.

We are now eligible to evaluate your assistive technology needs, conduct formal assessments and apply for funding on your behalf.

Call Us Today for information about the assessments and available funding options.

Key points:

- Assessments are undertaken by our staff who are trained in the field of assistive technology.
- To be eligible to receive support funds, applicants must be in the workforce or studying.
- Having an assessment is the first step towards accessing Support Funds Services.
- You may have your assessment reviewed if you don't agree with the outcome.
