Looky Round V2

Are you searching for a handheld magnifier that enhances your vision without compromising on style or comfort? Look no further than the Looky Round, the latest breakthrough in magnification technology. This innovative product offers magnification from 1x to 8x, making it perfect for a wide range of applications, from reading to precision work.

Featuring a sleek and modern design, the Looky Round is not only highly functional but also a stylish addition to your toolkit. Its lightweight construction ensures that you can use it comfortably for extended periods without fatigue. Additionally, it replaces traditional magnifying glasses, providing you with enhanced clarity, precision, and more magnification options.

The Looky Round features a convenient tube shape that fits comfortably in your hand. With a fixed focus point, you always get a sharp image without the need for manual adjustments. This discreet, lightweight magnifier is easy to carry and perfect for use on the go.

Why Choose Looky Round?

The Looky Round's cylindrical design fits comfortably in your hand. It has a perfect focus, every time. Because of the fixed focus point the image is sharp, without manual adjustments. The device is lightweight and easy to carry, ideal for on-the-go use.Designed for prolonged use without discomfort.
With a internal rechargeable battery via USB-C, making it lasts up to 3 hours. Because the Contrast Modes it ensures a optimal viewing in any environment.
